

...IS AS EASY AS PIE

The City of Long Beach has partnered with Food Finders, a local non-profit organization, to seek donations of surplus food from all local businesses. Donated food is distributed to members of our community who are in need. The program also keeps quality, edible food from ending up in landfills. 🌿

HERE'S HOW IT WORKS

If you participate, Food Finders will weigh and document your contributions. At the end of each quarter, you will receive a report detailing your total contribution amount, to which you may add a corresponding dollar value. You may then use this report as documentation toward charitable contributions on your annual income tax return.

Businesses that donate food are covered under the Federal Good Samaritan Act. This act provides protection for those that donate food by eliminating their legal liability as long as the food was donated with good intentions. 🌿
